

The must-have guide for anyone entering the exciting world of trading from home

Survival Guide for Traders is the essential handbook for individuals looking to start their own trading business from the comforts of home. Becoming—and succeeding as—a trader is hard enough, and can be even more difficult for those who choose the stay-at-home route, but it certainly doesn't have to be. The biggest stumbling block for people looking to launch their own trading business is their failure to understand the complexities of the "back office" operations that are essential for success. There is far more to being a trader than meets the eye, but once you come to understand how trading works for the biggest firms, you'll be ready to build a business that will last.

Praise for Survival Guide for Traders:

"Bennett McDowell is a leader in teaching traders a step-by-step approach to creating a trading business. *Survival Guide for Traders* is a must for all traders serious about both part-time and full-time trading. I will be adding this to my recommended reading list."

—Leslie Jouflas, founder of TradingLiveOnline.com

"*Survival Guide for Traders* is a must-read for anyone who wants to launch a home trading business. Get great insights into what is needed to achieve real trading success by leveraging Bennett's many years of trading wisdom as condensed into this valuable resource."

—John Gromala, VP of Sales and Marketing, NinjaTrader

BENNETT A. McDOWELL, founder of TradersCoach.com®, began his financial career on Wall Street in 1984 with J.J. Kenny, and later became a Registered Securities Broker and Financial Advisor for Prudential Securities and Morgan Stanley. He developed his own proprietary trading system, later known as the Applied Reality Trading® (ART®) system, which was released to the public in 2003 and today is used by traders in over fifty countries around the world. Internationally recognized as a leader in trading education, Bennett teaches trading to students around the world through his company TradersCoach.com®.

Trading expert Bennett McDowell reveals his proven trading and money management systems.

As a trading coach and financial advisor, Bennett McDowell has used his own proprietary trading system--Applied Reality Trading or ART to enhance the performance of his clients' portfolios. Now McDowell outlines the unique benefits of his system and makes the case for trading the reality--not the fantasy--of financial markets. Readers will discover the importance of simplicity in a trading approach; how to develop "The Trader's Mindset;" how to use ART(r) technical analysis software; and much more. *The ART of Trading* will enlighten readers in how to use reality to enrich both their financial portfolio and their own financial psychology.

Not adhering to a sound money management program can expose a trader to unnecessary risk, and possibly destroy their account. A few essential money management techniques can make a big difference to the bottom line. In *A Trader's Money Management System*, author Bennett McDowell introduces readers to the most important elements of money management in trading. Topics covered throughout this book include how to design a program to get maximum profit from a trading system; how to calculate the best trade size on every trade; how to analyze profit/loss results and identify weaknesses in a strategy; plus much more. Along the way, McDowell also addresses the importance of risk control and stop loss exits. The book also includes a one-month free trial of the Trade Size Calculator software.
